

One figure, one patient: no one is shaded below the column they arrived in

78 paired patients grouped by admission category and shaded by discharge category.

A shade lighter than its own column would be a patient who lost ground; there is none.

Barthel category at discharge

 Total <20 · 7

 Severe 20-35 · 3

 Moderate 40-55 · 8

 Mild 60-99 · 45

 Independent 100 · 15
